Why does it matter to Make Play Possible?

Most of us probably already know that recreation and social opportunities are important to a child's healthy development.

Every kid in our communities deserves a chance to learn, grow, and have fun by having access to these kinds of opportunities.

As a community we can do something to make it possible for ALL children and youth to get a chance to: be a guide or scout, learn to skate, stand on a stage, paddle a canoe, skateboard, score the winning goal, build friendships, learn from mentors.

If we can help them with this, we help them feel more competent and proud of themselves. We help them feel like they are part of something. We build their resiliency - the capacity to cope with hard times and challenges. And we increase their civic-mindedness, their empathy for others.

because kids need to play!!

ALL KIDS NEED:

- To have fun;
- To feel important;
- To build skills;
- To have things they do that they feel proud of;
- To have adult role models;
- To be respected;
- To hang out with other great kids;
- To be unique
- To feel involved
- To know that their contribution can make a difference.

These needs are met when kids get a chance to play on teams, learn a new skill, be part of a group, or have special time with an adult.

By making play possible in the lives of children, we help them grow up into healthier and happier young adults.

Making Play Possible can help make recreation opportunities possible for kids who might not easily have access to those kinds of opportunities. If your child, or a child you know might benefit, please help them get in touch with the project.

EVERYONE HAS SOMETHING TO OFFER OUR COMMUNITIES' KIDS

If you think you could help a child or youth get involved in a recreation opportunity by:

- Helping with drives;
- Offering Lessons;
- Offering a position on a team or in a group program;
- Providing one-on-one support to a vulnerable Child;
- Donating good, used, sports equipment
- Organizing a fundraising event
- Providing for the costs of a recreation program.

We would love to hear from you.

"A hundred years from now it will not matter what my bank account was, the sort of house I lived in, or the kind of car I drove...but the world may be different because I was important in the life of a child." - *Kathy Davis*
